

MSc International & European Politics

Summer Reading

Students who are new to European Studies and/or International Relations might want to start doing some background reading in preparation for the programme. Here are some recommendations for general textbooks:

- Cini, M. and N. Pérez-Solórzano Borragán (2016) *European Union Politics* (5th edition). Oxford: Oxford University Press.
A basic introduction for anyone who is new to the field of European Studies
- Wallace, H., M.A. Pollack and A.R. Young (2014) *Policy-Making in the European Union* (7th edition). Oxford: Oxford University Press.
A fairly advanced text for anyone with previous knowledge
- Smith, M. and C. Hill (2017) *International Relations and the European Union* (3rd edition). Oxford: Oxford University Press.
A textbook specifically on the IR of Europe
